

High Angle Stand

For Aastra 6700 Series Phones

Aastra's High Angle Stand is an optional accessory for the 6700 Series family of phones that increases the viewing angle of the phone up to a maximum of 60 degrees. This stand has been designed to address the needs of those users who prefer to have the phone at a higher incline as a way to enhance the position of the display for an optimal viewing experience, and to optimize the position of phone's handset and keys.

Highlights

Aastra's High Angle Stand provides a range of adjustable angles from 30 to 60 degrees, improving ergonomic reach when sitting at your desk and working with other applications, ultimately making the job easier and more efficient.

★ 4 different viewing angles are supported: approximately 30, 40, 50, and 60 degrees.

★ Compatible with most 6700 Series models (see chart below for details).

★ Slip resistant rubber feet, which provides a secure grip on most desktop surfaces.

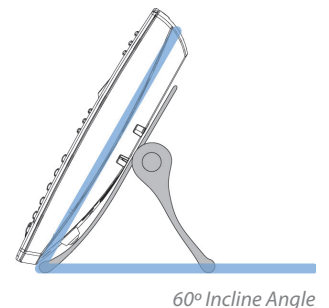

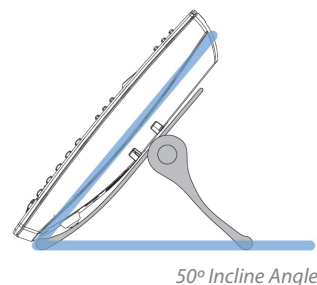

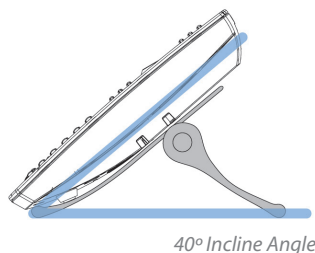

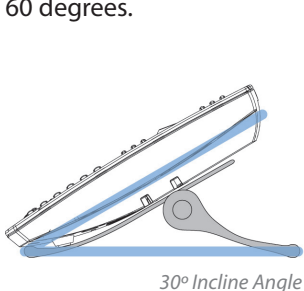

★ Provides quick and easy access to phone's back panel connectors.

★ Easy snap-on installation with wobble reduction mechanism.

★ Sturdy fiberglass based material and ruggedized hinge mechanism for extended lifespan.
